SYMBOTIC INC.

MERGERS AND ACQUISITIONS COMMITTEE CHARTER

I. Purpose

The purpose of the Mergers and Acquisitions Committee (the "Committee") of the Board of Directors (the "Board") of Symbotic Inc. (the "Company"), is to act on behalf of the Board to review, assess, and, if applicable, approve certain acquisitions, investments, mergers, and similar strategic transactions in accordance with the transaction approval authority parameters set forth in Exhibit A hereto (each, a "Transaction"), including the price, structure, form, and other terms and conditions of any such applicable Transactions, and the form, terms and conditions of any and all agreements as shall be deemed necessary or advisable in connection with any Transaction.

In addition to the powers and responsibilities expressly delegated to the Committee in this Charter by the Board, the Committee may exercise any other powers and carry out any other responsibilities delegated to it by the Board from time to time consistent with the Company's bylaws (as in effect from time to time) and applicable law. The powers and responsibilities delegated by the Board to the Committee in this Charter or otherwise shall be exercised and carried out by the Committee as it deems necessary and advisable without requirement of Board approval. While acting within the scope of the powers and responsibilities delegated to it, the Committee shall have and may exercise all the powers and authority of the Board.

II. Membership and Procedures

1. Composition. The Committee shall consist of such number of directors as the Board shall from time to time determine. Unless the Board elects a Chair of the Committee, the Committee may elect a Chair by majority vote.

2. Selection and Removal. Members of the Committee shall be appointed by the Board. The Board may remove members of the Committee from such committee, with or without cause.

3. Rules and Procedures. The Committee shall have the authority to establish its own rules and procedures for notice and conduct of its meetings so long as they are not inconsistent with any applicable provisions of the Company's bylaws (as in effect from time to time), this Charter and as otherwise set forth in any resolutions of the Board.

4. Meetings. The Committee shall meet as often as it deems necessary in order to perform its responsibilities.

III. Approval Authority

This Charter envisions three stages of a Transaction where the Company is the, direct or indirect, purchaser or investor: (1) initial engagement with target and exploratory discussions;

(2) execution of a non-binding letter of intent or term sheet or exclusivity arrangement with a target; and (3) execution of definitive agreements/authority to close.

The Company's management ("Management"), shall have the authority to undertake the initial engagement and exploratory discussions with prospective targets and will undertake to report on these to the Committee as discussions progress to a point where a Transaction with respect to which the Committee has approval authority appears, in Management's reasonable judgment, to be a reasonable possibility. For Transaction or stages of Transactions for which Management has the authority to act without the approval of the Committee, Management shall provide (1) periodic updates on any such engagements and exploratory discussions and (2) notification of the execution of any non-binding letters of intent, exclusivity arrangements and/or any definitive agreements, as the case may be (and for the avoidance of doubt within the scope of Management's authority). With respect to such matters for which Management has such authority, the Committee shall be available to Management for advice or assistance.

Any Transaction that constitutes a "Related Party Transaction" (as defined in the Company's Related Party Transactions Policy (as in effect from time to time)) shall be subject to review, approval or ratification in accordance with the procedures set forth in the Company's Related Party Transactions Policy (as in effect from time to time).

For any Transaction where one of the Company's subsidiaries or divisions is being divested, the Board shall specifically determine the roles and responsibilities of the Committee and Management at the time that such Transaction arises (excluding, for the avoidance of doubt, any transaction involving a sale of all or substantially all assets of the Company, for which the Committee will not have any role or responsibility).

In all cases, the dollar thresholds set forth in Exhibit A include all amounts potentially paid or received pursuant to escrow, earnout or similar arrangements. The fair market value of any securities included shall be determined by the Committee. As to any Transaction that involves payment or the possibility of payment in the form of Company securities, such securities issuance shall be approved in accordance with the Company's organizational documents, agreements to which it is subject to and applicable law.

For all actions related to a Transaction for which the Board retains authority, and for any other situation which the Committee deems appropriate, the Committee shall consider relevant action in light of the Transaction, and if so requested by the Board, present its findings, conclusions and appropriate summaries to the Board, and make a recommendation to the Board.

IV. Responsibilities

The responsibilities and activities of the Committee in serving the purposes outlined in Section I above are as set forth below.

1. Advisors. The Committee is authorized, without further action by the Board, to engage such outside legal, financial, and other advisors or consultants in the name and on behalf of the Company as it deems necessary or appropriate to carry out its responsibilities. Such advisors may be the regular advisors to the Company. The

Committee is empowered, without further action by the Board, to cause the Company to pay the compensation of such advisors as established by the Committee.

2. Review of Transaction Strategy. Review relevant Transaction and investment strategies and candidates with Management, as well as assess risks in connection with such strategies.

3. Transaction Due Diligence. Oversee due diligence processes with respect to relevant Transactions and investment strategies.

4. Reports to the Board of Directors. If so requested by the Board, the Committee shall report to the Board at each meeting of the Board.

5. Committee Self-Evaluation. The Nominating and Corporate Governance Committee shall oversee a periodic evaluation of the Committee in accordance with the Company's Corporate Governance Guidelines.

6. Review of this Charter. The Committee shall periodically review and assess this Charter and submit any recommended changes to the Board for its consideration.

V. Delegation of Duties

In fulfilling its responsibilities, the Committee has the authority to delegate any or all of its responsibilities to a subcommittee of the Committee (including a subcommittee consisting of a single member).
