DISCLAIMER**FORWARD-LOOKING STATEMENTS**

This communication contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 including, but not limited to, SVF’s and Symbotic’s expectations or predictions of future financial or business performance or conditions. Forward-looking statements are inherently subject to risks, uncertainties and assumptions. Generally, statements that are not historical facts, including statements concerning our possible or assumed future actions, business strategies, events or results of operations, are forward-looking statements. These statements may be preceded by, followed by or include the words “believes,” “estimates,” “expects,” “projects,” “forecasts,” “may,” “will,” “should,” “seeks,” “plans,” “scheduled,” “anticipates” or “intends” or similar expressions. Such forward-looking statements involve risks and uncertainties that may cause actual events, results or performance to differ materially from those indicated by such statements. Certain of these risks are identified and discussed in SVF’s Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission (the “SEC”) on March 23, 2022 and the Registration Statement. These risk factors will be important to consider in determining future results and should be reviewed in their entirety. These forward-looking statements are expressed in good faith, and SVF and Symbotic believe there is a reasonable basis for them. However, there can be no assurance that the events, results or trends identified in these forward-looking statements will occur or be achieved. Forward-looking statements speak only as of the date they are made, and neither SVF nor Symbotic is under any obligation, and expressly disclaim any obligation, to update, alter or otherwise revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by law. Readers should carefully review the statements set forth in the reports, which SVF has filed or will file from time to time with the SEC.

In addition to factors previously disclosed in SVF’s Annual Report on Form 10-K filed with the SEC on March 23, 2022 and the Registration Statement, and those identified elsewhere in this communication, the following factors, among others, could cause actual results to differ materially from forward-looking statements or historical performance: ability to meet the closing conditions to a business combination between SVF and Symbotic (the “Business Combination”) pursuant to that certain Agreement and Plan of Merger, dated December 12, 2021 (the “Merger Agreement”), by and among SVF, Symbotic, Symbotic Holdings LLC and Saturn Acquisition (DE) Corp., including approval by shareholders of SVF and unitholders of Symbotic on the expected terms and schedule; delay in closing the Business Combination; failure to realize the benefits expected from the proposed transaction; the effects of pending and future legislation; risks related to disruption of management time from ongoing business operations due to the proposed transaction; business disruption following the transaction; risks related to the impact of the COVID-19 pandemic on the financial condition and results of operations of SVF and Symbotic; the occurrence of any event, change or other circumstance that could give rise to the termination of the Merger Agreement or the termination of any of certain subscription agreements entered into by SVF with certain parties in connection with the Merger Agreement; the amount of redemption requests made by SVF’s shareholders; the effect of the announcement or pendency of the transaction on Symbotic’s business relationships, performance, and business generally; the ability to meet NASDAQ listing standards following the consummation of the Business Combination; the amount of the costs, fees, expenses and other charges related to the transaction; the ability of SVF to issue equity securities in connection with the transaction; and other consequences associated with mergers, acquisitions and divestitures and legislative and regulatory actions and reforms.

Any financial projections in this communication are forward-looking statements that are based on assumptions that are inherently subject to significant uncertainties and contingencies, many of which are beyond SVF's and Symbotic's control. While all projections are necessarily speculative, SVF and Symbotic believe that the preparation of prospective financial information involves increasingly higher levels of uncertainty the further out the projection extends from the date of preparation. The assumptions and estimates underlying the projected results are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections. The inclusion of projections in this communication should not be regarded as an indication that SVF and Symbotic, or their representatives, considered or consider the projections to be a reliable prediction of future events.

Annualized, pro forma, projected and estimated numbers are used for illustrative purpose only, are not forecasts and may not reflect actual results.

This communication is not intended to be all-inclusive or to contain all the information that a person may desire in considering an investment in SVF and is not intended to form the basis of an investment decision in SVF. FOR IMMEDIATE RELEASE

Symbotic Reports Fiscal Year 2022 Second Quarter Results*Second Quarter Revenue Growth of 315% Year-over-Year**Record Level of Quarterly Gross Profit Achieved During the Quarter*

Wilmington, Massachusetts (May 10, 2022) – Symbotic LLC, a revolutionary A.I.-enabled technology platform for the supply chain, today announced financial results for its parent entity, Warehouse Technologies LLC, and subsidiaries (collectively referred to as “Symbotic”) for the second quarter of fiscal 2022, ended March 26, 2022. Symbotic posted revenue of \$96.3 million, adjusted EBITDA of \$(26.2) million and a quarterly net income of \$(29.9) million for the second quarter of fiscal 2022. In the same period of fiscal 2021, Symbotic had revenue of \$23.2 million, adjusted EBITDA of \$(26.0) million and a quarterly net income of \$(26.9) million.

“I am very pleased with the progress made by our teams delivering solutions with multiple customers at multiple sites simultaneously,” said Rick Cohen, Chairman and President of Symbotic. “We are excited to have Michael Loparco join us as our new CEO. Michael adds extensive experience in ramping large scale operations for rapid deployment of complex solutions.”

“We achieved 315% year-over-year and 25% sequential revenue growth with a record level of gross profit in the second quarter of 2022. This was driven by increased system installation progress,” said Tom Ernst, CFO of Symbotic. “Our investment for growth continues, with a focus on enabling rapid expansion in operations and innovating for the future. Additionally, operating expenses were higher during the quarter due to non-recurring expenses as we prepare for operations as a public company.”

Historical quarterly financial information is posted on the Investor Relations page of the company’s website at <https://www.symbotic.com/investor-relations>. The presentation has also been filed by SVF Investment Corp. 3 (“SVF”) with the SEC and can be accessed at www.sec.gov.

Symbotic has previously announced its entry into a business combination agreement with SVF Investment Corp. 3 (NASDAQ: SVFC), a special purpose acquisition company (SPAC), that is expected to make Symbotic a public company listed on Nasdaq. In connection with the proposed business combination, SVF filed a registration statement on Form S-4 with the SEC (File No. 333-262529) (as amended, the “Registration Statement”), which was declared effective by the SEC on May 9, 2022, and also filed a final proxy statement and prospectus of SVF on May 9, 2022 (the “Final Proxy Statement/Prospectus”).

USE OF NON-GAAP FINANCIAL INFORMATION

This press release contains non-GAAP financial measures, including adjusted EBITDA. Symbotic defines adjusted EBITDA, a non-GAAP financial measure, as GAAP net loss excluding the following items: interest income; income taxes; depreciation and amortization of tangible and intangible assets; unit-based compensation; business combination transaction expenses; and other non-recurring items that may arise from time to time. In addition to Symbotic's financial results determined in accordance with U.S. generally accepted accounting principles ("GAAP"), Symbotic believes that adjusted EBITDA, a non-GAAP financial measure, is useful in evaluating the performance of its business because it highlights trends in its core business. This non-GAAP measure has limitations as an analytical tool. Symbotic does not, nor does it suggest that investors should, consider any non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Investors should also note that the non-GAAP financial measures Symbotic uses may not be the same non-GAAP financial measures, and may not be calculated in the same manner, as that of other companies. Symbotic recommends that investors review the reconciliation of this non-GAAP measure to the most directly comparable GAAP financial measure provided in the financial statement tables included below in this press release, and not rely on any single financial measure to evaluate our business.

Any financial projections in this press release are forward-looking statements that are based on assumptions that are inherently subject to significant uncertainties and contingencies, many of which are beyond SVF's and Symbotic's control. Additional Information

USE OF NON-GAAP FINANCIAL INFORMATION

This communication contains non-GAAP financial measures, including adjusted EBITDA. Symbotic defines adjusted EBITDA, a non-GAAP financial measure, as GAAP net loss excluding the following items: interest income; income taxes; depreciation and amortization of tangible and intangible assets; unit-based compensation; business combination transaction expenses; and other non-recurring items that may arise from time to time. In addition to Symbotic's financial results determined in accordance with U.S. generally accepted accounting principles ("GAAP"), Symbotic believes that adjusted EBITDA, a non-GAAP financial measure, is useful in evaluating the performance of its business because it highlights trends in its core business. This non-GAAP measure has limitations as an analytical tool. Symbotic does not, nor does it suggest that investors should, consider any non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Investors should also note that the non-GAAP financial measures Symbotic uses may not be the same non-GAAP financial measures, and may not be calculated in the same manner, as that of other companies. Symbotic recommends that investors review the reconciliation of this non-GAAP measure to the most directly comparable GAAP financial measure provided in the financial statement tables included above and in the press release issued by Symbotic on May 10, 2022, and not rely on any single financial measure to evaluate our business.
