FOR IMMEDIATE RELEASE

Symbotic Reports Third Quarter Fiscal Year 2023 Results

Achieved Record Revenue and Operating Margin

Cash, Cash Equivalents, Restricted Cash and Marketable Securities Reach \$513 Million GreenBox Joint Venture Doubles Addressable Market & Increases Order Backlog To \$23 Billion

Wilmington, Massachusetts (July 31, 2023) -- Symbotic Inc. (Nasdaq: SYM), a leader in A.I.-enabled robotics technology for the supply chain, today announced financial results for its third fiscal quarter ended June 24, 2023. Symbotic posted revenue of \$312 million, a net loss of \$39 million and an adjusted EBITDA loss¹ of \$3 million for the third quarter of fiscal 2023. In the same quarter of fiscal 2022, Symbotic had revenue of \$176 million, a net loss of \$33 million and an adjusted EBITDA loss of \$22 million. Cash, cash equivalents, restricted cash and marketable securities on hand increased by \$48 million from the prior quarter of 2023, to \$513 million at the end of the third quarter.

"We are pleased to report another quarter of strong revenue growth and record operating margin, as we initiated six new system deployments and completed commissioning of one system," said Symbotic Chief Financial Officer, Tom Ernst. "During the quarter, we maintained our focus on scaling for growth and investing in innovation, while still achieving strong operating leverage. Additionally, a new systems sales contract with GreenBox increases our contracted backlog to approximately \$23 billion, addressing the needs of customers who want leading automation on an outsourced basis."

"Our GreenBox joint venture advances our strategic vision by adding over \$500 billion to Symbotic's annual total addressable market," said Symbotic Chairman and Chief Executive Officer, Rick Cohen. "As confidence in our ability to scale platform deliveries has grown, we feel now is the right time to realize the vision we have had for many years to add warehouse-as-a-service capability. We believe SoftBank is the best partner with which to launch the GreenBox joint venture because of our shared vision and expertise in scaling operations, and SoftBank's global reach."

OUTLOOK

For the fourth quarter of fiscal 2023, Symbotic expects revenue of \$290 million to \$310 million, and an adjusted EBITDA² of \$0 million to \$3 million.

¹ Adjusted EBITDA (earnings before interest, taxes, depreciation, and amortization) is a non-GAAP financial measure as defined below under "Use of Non-GAAP Financial Information." See the tables below for reconciliations to net loss, the most comparable GAAP measures.

² Symbotic is not providing guidance for net loss, which is the most comparable GAAP financial measure to adjusted EBITDA, because information reconciling forward-looking adjusted EBITDA to net loss is unavailable to it without unreasonable effort. Symbotic is not able to provide reconciliations of adjusted EBITDA to GAAP financial measures because certain items required for such reconciliations are outside of Symbotic's control and/or cannot be reasonably predicted, such as the provision for stock-based compensation.

USE OF NON-GAAP FINANCIAL INFORMATION

Symbotic reports its financial results in accordance with Generally Accepted Accounting Principles in the United States ("U.S. GAAP"). This press release contains financial measures that are not recognized under U.S. GAAP ("non-GAAP"), including adjusted EBITDA, adjusted gross profit and adjusted gross profit margin. These non-GAAP financial measures have limitations as an analytical tool as they do not have a standardized meaning prescribed by U.S. GAAP. The non-GAAP financial measures Symbotic uses may not be the same non-GAAP financial measures, and may not be calculated in the same manner, as that of other companies and, therefore, are unlikely to be comparable to similar measures presented by other companies. Rather, these non-GAAP financial measures are provided as a supplement to corresponding U.S. GAAP measures to provide additional information regarding the results of operations from management's perspective. Accordingly, non-GAAP measures should not be considered a substitute for, in isolation from, or superior to, the financial information prepared and presented in accordance with U.S. GAAP. All non-GAAP financial measures presented in this press release are reconciled to their closest reported U.S. GAAP financial measures to the most directly comparable GAAP financial measures provided in the financial statement tables included below in this press release, and not rely on any single financial measure to evaluate its business.

Symbotic defines adjusted EBITDA, a non-GAAP financial measure, as GAAP net loss excluding the following items: interest income; income taxes; depreciation and amortization of tangible and intangible assets; stock-based compensation; business combination transaction expenses; CEO transition charges; restructuring; and other items that may arise from time to time. Symbotic defines adjusted gross profit, a non-GAAP financial measure, as GAAP gross profit excluding the following items: depreciation, stock-based compensation and restructuring. Symbotic defines adjusted gross profit margin, a non-GAAP financial measure, as adjusted gross profit divided by revenue. In addition to Symbotic's financial results determined in accordance with U.S. GAAP, Symbotic believes that adjusted EBITDA and adjusted gross profit non-GAAP financial measures are useful in evaluating the performance of Symbotic's business because they highlight trends in its core business.
